Day 1

The nurse practitioner is scheduled to visit the school for the last time before summer on Thursday, June 17th. Exams and final assessments will be taking place that day, therefore please make an appointment at the office if you wish to see him.

There is a hot weather warning. Please wear a hat, sunscreen and bring water for your protection. I have a coloured poster giving great advice re extreme heat just outside the office. Please stop to read.

QUOTE OF THE DAY

Dreams are renewable no matter what our age or condition, there are still untapped possibilities within you and new beauty waiting to be born ~ Dr. Dale Turner
