Exam Guidelines

- Exam Length:** Teachers will inform students of the exam duration well in advance.
- School Closure:** If school is cancelled during the examination period, exams scheduled for the cancelled day(s) will be rescheduled for the first day school reopens. As a result, the examination period will be extended accordingly.
- Absences:** If a student is absent from an exam, their parent or guardian must immediately notify the school with a valid reason. Failure to do so will result in a zero for that exam. If the absence is justified, alternate arrangements will be made for the student to complete the exam.
